Step-2: Brainstorm, Idea Listing and Grouping

2 Brainstorm

Write down any ideas that come to mind that address your problem statement.

10 minutes

Tip You can remove a sticky note and fit the perfect position to creating your brainstorm.

Group:

- User login and registration portal.
- Drop-down menus to automatically route complaints to the correct department (e.g., IT, Billing, Maintenance).
- A ticket-tracking dashboard with a visual progress bar.
- An FAQ section to help users solve common problems before submitting a ticket.
- File upload feature to attach photo/video evidence of the complaint.

3 Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

20 minutes

Tip Add customisable tags to sticky notes to make it easier to find, remove original, and categorize important ideas as they're added to your board.
